- Continuous feedback from your language coach

YOUR ADVANTAGES

- You save time
- Flexible learning from anywhere

HERE IS HOW IT WORKS

- For your first session, you will receive an invitation by email. In addition, you will be sent a link
- At the scheduled time, you enter the virtual classroom
- In the first lesson, the different functions and technical features available will be explained to you

PLEASE NOTE

Just like with lessons in a real classroom, you must observe the session times/keep the appointment. In order for the training to be efficient, please observe the following points:

- Make sure you are at a place or in a room where you can focus on the session. Any disruptions affect not only you but also the other participants in the group

- Switch off your mobile phone
